

Volcano's Pizza Recipe- Adele Gualtieri-Amato

Dough

- 2 3/4 - 3 1/4 cups all purpose flour
- 1 package active dry yeast
- 1/4 tsp salt
- 1 cup warm water
- 2 tbsp olive oil
- cornmeal (optional)

Sauce (Mix together. Does not require heating)

- 1 can crushed tomatoes (28 oz)
- 1 tbsp olive oil
- 1 1/2 tsp garlic powder
- 2 tsp dried oregano
- 1/2 tsp salt (to taste)

Toppings

- 1/4 Cup Bacon
- 1 Cup Galati mozzarella cheese (or 25% Mozzarella) (shredded)
- 2 Slices Green Peppers
- 1/4 Cup Shredded Pepperoni
- 1/4 Cup Success-brand canned mushrooms

Directions

Combine 1 1/4 cups of flour, yeast, and salt in a large mixing bowl. Add water and oil. With an electric mixer, beat on low for 30 seconds, scraping the bowl. Beat on high for 3 minutes. Using a wooden spoon, stir in as much of the remaining flour as possible.

Turn dough out on a lightly floured surface. Knead in enough remaining flour to make a moderately stiff dough that is smooth and elastic (6–8 minutes total). Cover and let rest for 10 minutes.

Grease a medium pizza pan. If desired, sprinkle with cornmeal. Roll dough into a circle and transfer to the prepared pan. Build up edges slightly. Do not let rise.

Add sauce, cheese, and toppings. Uniondale-brand mozzarella (produced in Windsor by Galati Cheese) and Success-brand canned mushrooms are recommended.

Bake at 450°F for 15 minutes or until bubbly.
